

Want to help support  
**Head Start?**

All it takes is a  
**smile!**

The 10,000 Smiles Project ([www.10000smilesproject.com](http://www.10000smilesproject.com)) is an online community where people can upload smiling photos of themselves, their families and their friends, and share a story about what makes them smile.

When the 10,000th smile is uploaded to the site, Delta Dental will make a \$10,000 donation to the National Head Start Association. This is a fun and creative way for people to help us support the National Head Start Association and the young children it serves.

Visit [www.10000smilesproject.com](http://www.10000smilesproject.com) to upload a photo, or to view other photos of people eager to help support the young children served by the National Head Start Association. **Remember, all it takes is a smile!**
