

From the desk of the
Tooth Fairy

Dear

Congrats on losing another tooth, and what a shiny, beautiful tooth it is! I can tell from the way it sparkles that you've been brushing your teeth carefully each day. I left you a little something in exchange. I hope you like it!

You are really growing up fast, and I always love visiting your house to collect your baby teeth.

Remember, I prefer collecting teeth that are healthy and clean! So, be sure to take good care of your teeth by avoiding too many sugary snacks, eating lots of healthy fruits and vegetables, and brushing and flossing every day. Having a healthy mouth is an important part of having a healthy, strong body!

Hope your day is full of sparkles and smiles!
