**Tooth Fairy**

Dear

Congrats on losing your last baby tooth! It is one of the sparkliest teeth in my collection! You've done such a good job keeping track of all your teeth, so I left you a gift in exchange for your tooth. I hope you like it!

While I'm sad I won't be visiting you anymore, I'm so proud that you are officially a big kid now! Celebrate by showing off that sparkly smile I love!

It is more important than ever to keep your teeth healthy - your new, grown-up chompers are going to be with you for a long, long time! Remember to take good care of them by brushing and flossing every day, eating lots of fruits and vegetables, avoiding sugary snacks and visiting our friend the dentist regularly!

Yours toothly,  
*The Tooth Fairy*
